APPENDIX C: INTERNAL AUDIT CHARTER

Need for the charter

This charter establishes the purpose, authority and responsibilities for the internal audit service for Bedfordshire Fire and Rescue Authority. The establishment of a charter is a requirement of the Public Sector Internal Audit Standards (PSIAS) and approval of the charter is the responsibility of the audit & standards committee.

The internal audit service is provided by RSM Risk Assurance Services LLP (“RSM”).

We plan and perform our internal audit work with a view to reviewing and evaluating the risk management, control and governance arrangements that the organisation has in place, focusing in particular on how these arrangements help you to achieve its objectives. An overview of our client care standards are included at Appendix D of the internal audit strategy plan for 2018/19 - 2020/21.

The PSIAS encompass the mandatory elements of the Institute of Internal Auditors (IIA) International Professional Practices Framework (IPPF) as follows:

- Core Principles for the Professional Practice of Internal Auditing
- Definition of internal auditing
- Code of Ethics; and
- The Standards

Mission of internal audit

As set out in the PSIAS, the mission articulates what internal audit aspires to accomplish within an organisation. Its place in the IPPF is deliberate, demonstrating how practitioners should leverage the entire framework to facilitate their ability to achieve the mission.

“To enhance and protect organisational value by providing risk-based and objective assurance, advice and insight”.

Independence and ethics

To provide for the independence of internal audit, its personnel report directly to the Partner, Daniel Harris (acting as your head of internal audit). The independence of RSM is assured by the internal audit service reporting to the chief fire officer, with further reporting lines to the Head of Finance and Treasurer.

The head of internal audit has unrestricted access to the chair of audit & standards committee to whom all significant concerns relating to the adequacy and effectiveness of risk management activities, internal control and governance are reported.

Conflicts of interest may arise where RSM provides services other than internal audit to Bedfordshire Fire and Rescue Authority. Steps will be taken to avoid or manage transparently and openly such conflicts of interest so that there is no real or perceived threat or impairment to independence in providing the internal audit service. If a potential conflict arises through the provision of other services, disclosure will be reported to the audit & standards committee. The nature of the disclosure will depend upon the potential impairment and it is important that our role does not appear to be compromised in reporting the matter to the audit & standards committee. Equally we do not want the organisation to be deprived of wider RSM expertise and will therefore raise awareness without compromising our independence.

Responsibilities

In providing your outsourced internal audit service, RSM has a responsibility to:

- Develop a flexible and risk based internal audit strategy with more detailed annual audit plans. The plan will be submitted to the audit & standards committee for review and approval each year before work commences on delivery of that plan.
- Implement the internal audit plan as approved, including any additional tasks requested by management and the audit & standards committee.
- Ensure the internal audit team consists of professional audit staff with sufficient knowledge, skills, and experience.
- Establish a quality assurance and improvement program to ensure the quality and effective operation of internal audit activities.
- Perform advisory activities where appropriate, beyond internal audit's assurance services, to assist management in meeting its objectives.
- Bring a systematic disciplined approach to evaluate and report on the effectiveness of risk management, internal control and governance processes.
- Highlight control weaknesses and required associated improvements together with corrective action recommended to management based on an acceptable and practicable timeframe.
- Undertake follow up reviews to ensure management has implemented agreed internal control improvements within specified and agreed timeframes.
- Report regularly to the audit & standards committee to demonstrate the performance of the internal audit service.

For clarity, we have included the definition of 'internal audit', 'senior management' and 'authority'.

- Internal audit – a department, division, team of consultant, or other practitioner (s) that provides independent, objective assurance and consulting services designed to add value and improve an organisation's operations. The internal audit activity helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of governance, risk management and control processes.
- Senior management who are the team of individuals at the highest level of organisational management who have the day-to-day responsibilities for managing the organisation.
- Authority - The highest level governing body charged with the responsibility to direct and/or oversee the organisation's activities and hold organisational management accountable. Furthermore, "authority" may refer to a committee or another body to which the governing body has delegated certain functions (eg an audit & standards committee).

Authority

The internal audit team is authorised to:

- Have unrestricted access to all functions, records, property and personnel which it considers necessary to fulfil its function.
- Have full and free access to the audit & standards committee.
- Allocate resources, set timeframes, define review areas, develop scopes of work and apply techniques to accomplish the overall internal audit objectives.
- Obtain the required assistance from personnel within the organisation where audits will be performed, including other specialised services from within or outside the organisation.

The head of internal audit and internal audit staff are not authorised to:

- Perform any operational duties associated with the organisation.
- Initiate or approve accounting transactions on behalf of the organisation.
- Direct the activities of any employee not employed by RSM unless specifically seconded to internal audit.

Reporting

An assignment report will be issued following each internal audit assignment. The report will be issued in draft for comment by management, and then issued as a final report to management, with the executive summary being provided to the audit & standards committee. The final report will contain an action plan agreed with management to address any weaknesses identified by internal audit.

The internal audit service will issue progress reports to the audit & standards committee and management summarising outcomes of audit activities, including follow up reviews.

As your internal audit provider, the assignment opinions that RSM provides the organisation during the year are part of the framework of assurances that assist the authority in taking decisions and managing its risks.

As the provider of the internal audit service we are required to provide an annual opinion on the adequacy and effectiveness of the organisation's governance, risk management and control arrangements. In giving our opinion it should be noted that assurance can never be absolute. The most that the internal audit service can provide to the authority is a reasonable assurance that there are no major weaknesses in risk management, governance and control processes. The annual opinion will be provided to the organisation by RSM Risk Assurance Services LLP at the financial year end. The results of internal audit reviews, and the annual opinion, should be used by management and the authority to inform the organisation's annual governance statement.

Data protection

Internal audit files need to include sufficient, reliable, relevant and useful evidence in order to support our findings and conclusions. Personal data is not shared with unauthorised persons unless there is a valid and lawful requirement to do so. We are authorised as providers of internal audit services to our clients (through the firm's terms of business and our engagement letter) to have access to all necessary documentation from our clients needed to carry out our duties.

Quality Assurance and Improvement

As your external service provider of internal audit services, we have the responsibility for maintaining an effective internal audit activity. Under PSIAS, internal audit services are required to have an external quality assessment every five years. In addition to this, we also have in place an internal quality assurance and improvement programme, led by a dedicated team who undertake these reviews. This ensures continuous improvement of our internal audit services.

Any areas which we believe warrant bringing to your attention, which may have the potential to have an impact on the quality of the service we provide to you, will be raised in our progress reports to the audit & standards committee.

Fraud

The audit & standards committee recognises that management is responsible for controls to reasonably prevent and detect fraud. Furthermore, the audit & standards committee recognises that internal audit is not responsible for identifying fraud; however internal audit will be aware of the risk of fraud when planning and undertaking any assignments.

Approval of the internal audit charter

By approving this document, the internal audit strategy, the audit & standards committee is also approving the internal audit charter.
