Any implications affecting this report are noted at the end of the report.

PURPOSE

To review the Authority's Treasury Management Strategy Statement and Treasury Management Policies.

RECOMMENDATION

To consider the documents and recommend that the Fire and Rescue Authority adopt the updated:

- i. Treasury Management Strategy Statement
 - ii. Minimum Revenue Provision Policy and Annual Investment Strategy
 - iii. Treasury Management Practices
-

1. Outcome

- 1.1 Sound internal control and governance arrangements for Treasury Management will ensure the Authority can reduce the risk it faces from treasury management activities.

2. Reason for Report

- 2.1 Treasury management activities can be defined as follows:

'The management of the organisation's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities and the pursuit of optimum performance consistent with those risks.' Source the Chartered Institute of Public Finance and Accountancy (CIPFA).

- 2.2 The reporting of treasury management activity and the treasury management prudential indicators must meet the requirements of the 2009, 2011 and 2017 revised CIPFA Code of Practice on Treasury Management and the CIPFA Prudential Code for Capital Finance in Local Authorities (as required through Regulations issued under the Local Government Act 2003). The main 2017 Code updates, for information, are noted in para 3.2 below.

3. Updated Documentation

3.1 The Authority is required to consider and scrutinise the relevant treasury management documents. The revised documents that are attached are:

- The Treasury Management Strategy (including the Minimum Revenue Provision Policy and Annual Investment Strategy)
- Treasury Management Practices

The Corporate Services Policy and Challenge Group was nominated by the Fire and Rescue Authority on 10 December 2010 as the Group to scrutinise Treasury Management. Since the FRA's Governance review and trial period of additional FRA meetings and no Policy and Challenge Groups, the appropriate meeting to consider and approve these documents is now the full FRA.

3.2 The updated Treasury Management Strategy Statement is attached at Appendix A. There was an update in 2017 to the Code. These updates are summarised on pages 37 and 38 of Appendix 7. They were updated to capture the increasingly commercial approach being taken by many councils who are investing in property, with many outside of their own authority's area. The Code is now less prescriptive as to what indicators to be included in the strategy.

3.3 Since 2018/19, Inter Authority lending has also been included as an option to consider, should this arise, within the Strategy at para 6.4.

3.4 The Treasury Management Practices are in accordance with the requirements of the Code and Guidance. The updated Treasury Management Practices are attached to this report for Members scrutiny and consideration at Appendix B. These documents provide the cornerstones for effective treasury management and ensure the approved Treasury Management Strategy is adhered to.

The Treasury Management Practices set out the manner in which the Authority will seek to achieve those policies and objectives, and prescribe how it will manage and control those activities.

There are no material updates to comment on for 2020/21.

4. Treasury Management and Support

4.1 The Treasurer recognises that treasury management is inevitably a highly technical and challenging area. To ensure that those Authority Members tasked with treasury management responsibility, including those responsible for scrutiny, have the support they need the following training was arranged:

- Training sessions were provided to Members in 2011, 2013 and 2015 by Capita Asset Services (now Link Asset Services).
- The most recent training was again provided by Link Asset Services at the Members Development on 4 July 2017. A further training session will be arranged for 2020 should Members request this.

5. Equality and Diversity Implications

5.1 There are no equality and diversity implications arising from this report.

6. Financial Implications and Value for Money

6.1 The Authority currently has:

- a total borrowing of £9.987m,
- short-term investments of up to £10m, £17m if including short term notice accounts (95 to 180 day notice)
- budgeted interest of £115k in 2020/21 from investments.

It is vital these transactions are managed efficiently and effectively.

Brexit may of course have some impact on the Authority's investments during 2020 and the Service will react appropriately to these.

7. Health and Safety and Environmental Implications

7.1 None arising from this report.
